Need help with something?

517.852.9723 | carelocal49073@gmail.com

In the coming weeks, we may all need help with something. Nashville, Michigan is known as a "friendly destination" and wants to help.

Phone answered 8a-10a daily or leave a message; all requests are confidential.

A group of local leaders representing the Village of Nashville, Maple Valley Schools, the Route 66 Business District, Putnam District Library, local churches, and the Maple Valley Community Center of Hope have joined together to create a community care network. In an effort to be responsive to our local residents, we are creating a central point to help connect needs to resources.

Maple Valley Schools Breakfast & Lunch Program
